

2nd Korea-India Joint Geotechnical Engineering Workshop
on
Geotechnical Challenges for Megacities

Date: Thursday 21st September 2017 (penultimate day of 19th ICSMGE, Seoul, Korea)
Duration: Three hours [1 pm to 4 pm (Tentatively)]

Venue: COEX Convention Centre, Seoul, Korea

Organized By

and

Indian Geotechnical Society (IGS)

Korean Geotechnical Society (KGS)

Call for Extended Abstract

After the success of 1st Indo-Korea Joint Geotechnical Engineering Workshop held in 2012 at IIT Delhi, India, again IGS and KGS are glad to announce the 2nd workshop in the series as an outcome of MoU between these two societies. Academicians and Industry Professionals who are members of either society (IGS/KGS) and ISSMGE are invited to submit extended abstracts (*as per 19th ICSMGE format with maximum two pages in length*) on the theme of “**Geotechnical Challenges for Megacities**” to their respective society by **15th August, 2017**. Selected speakers from the authors of accepted extended abstracts, who must register for 19th ICSMGE, will be invited to make oral presentation.

Organizing Committee

Indian Geotechnical Society (IGS)	Korean Geotechnical Society (KGS)
Prof. G. L. Sivakumar Babu, President, IGS	Prof. Sang Seom Jeong, President, KGS
Prof. J. T. Shahu, Honorary Secretary, IGS	Prof. Eun Chul Shin, Vice President (Asia) of ISSMGE (Elected for 2017-2021)
Prof. Deepankar Choudhury, Convener, International Cooperation, IGS	Prof. Seong-Wan Park, Secretary, International Affairs, KGS
Prof. A. Murali Krishna, Member, International Cooperation, IGS	Dr. Moonkyung Chung, Vice President, International Affairs, KGS

Address for Correspondence

Prof. Deepankar Choudhury
Convener, International Cooperation, IGS,
Professor, Department of Civil Engineering,
IIT Bombay, Powai, Mumbai 400076, India.
