To consider formulation guidelines/timeline for converting from M.Tech./M.Phil. Programme to Dual Degree (M.Tech./M.Phil.+Ph.D.)

The PGAPEC in its 406th meeting held on 20th July 2018 observed that few M.Tech./M.Phil. Students who want to convert their M.Tech/M.Phil. programme to Dual Degree (M.Tech./M.Phil.+Ph.D.) programme, apply for such conversion upto the due date of submission of final stage of MTP, leaving no time for processing of the request.

However, in absence of specific date for submission for conversion, the PGAPEC decided that the PGPC may look into this issue and form clear guidelines on the last date to apply for conversion to dual degree programme.

The proposal was placed before the PGPC in its 213th meeting held on 19th & 24th September, 2018.

The PGPC noted the concerns raised by PGAPEC and observed that some of the academic units are not in favour of conversion during the end of the IInd stage project presentation. The committee also noted that the date mentioned for conversion is by 30th June. The committee deliberated and concluded the M.Tech./M.Phil. students should be considered for conversion to DD (M.Tech./M.Phil. + Ph.D.), if they apply for conversion latest by 30th April of the year. The Research proposal may be evaluated latest by 30th June of the year. The decision of the PGPC is recommended to the Senate.
