Step 1: Open the SAFE App after downloading

Step 2: Sign up as a new user. Give email ID you wish to register with and enter registration code that has been provided to you. For Dec 2021 exam, the registration code is: HLDW9MKI
Step 3:
Sign up for the account and you will be registered for CE42021D Course. An email will be sent to the registered email ID with passcode for login in SAFE.

Step 4:
From the email, collect the passcode details and come back to the SAFE app and login as an existing user with the username and passcode, and press login. After login, you will see that you are registered for CE42021D course (Ph.D. Admission Structures Dec 2021)
Step 5:  
Select CE42021D course. You will be asked about camera and location permission, **allow camera and location access to the app.** Right now, there will be no quizzes in the course. When the exams for Ph.D. admissions will be published, they will be present here in the list of CE42021D quizzes.

Step 6:  
After you are done registering, you need to update your SAFE profile to include your name and roll number associated with your application. This is a critical step required by us to identify you in the exam. To do that, press the three lines next to Courses in main page of SAFE in app. You can reach this page after pressing back arrow on top from page in Step 5.
Step 7: When you click on three lines in Step 6, you will see your registered email ID on top and a camera icon. Click on top of your email ID.

Step 8: Your profile page will be visible. Edit the Name and Roll Number. The name will be your name in the admission application and Roll number is the roll number associated with your application. Roll number will be of format RCEXXXXXXX. **Do not change your email ID.** Press update. You will see your name and roll number is successfully saved. Go back to the main page and check profile once to check if details are updated.

Step 8: With all of these steps, your SAFE App is ready for the day of the exam.
