### About the workshop:

Integration of Land Use and Transportation planning aims to promote a sustainable, efficient, and equitable built environment. Land Use planning seeks to optimize land resources to achieve economic prosperity and social equity. Transportation planning provides safe, reliable, and accessible networks facilitating movement within the land resources. Land use and transportation systems influence each other. The workshop aims to educate and engage the stakeholders in the principles and practices involved in land use and transportation planning.

### Venue:

Seminar Hall, Department of Civil Engineering, IIT Bombay

### Target Participants:

Researchers, industry professionals, graduate students, and government officials working in the field of land use and transportation.

### Accommodation:

Limited number of rooms on sharing basis are available in IIT Bombay student hostels. These will be provided on the first come first served basis, if requested.

### Certificates:

Certificates will be provided to all the participants attending the workshop.

### Registration:

Register through the link or QR code mentioned below. There is NO registration fee.

Last date for registration: 26 July 2024

Scan the QR code to register:
