**Experiment No. 2**

**Trip Generation: Regression Analysis**

| Descriptive Statistics |    |         |         |          |                    |
|------------------------|----|---------|---------|----------|--------------------|
|                        | N  | Minimum | Maximum | Mean     | Standard Deviation |
| Trip Production        | 10 | 1       | 465     | 368.2    | 81.8139            |
| Population             | 10 | 1       | 1547    | 384.3177 | 538.5741           |
| Household              | 10 | 1       | 964     | 619.9    | 242.7314           |
| Car ownership          | 10 | 1       | 967     | 729.1    | 138.0422           |
